#### Why is Everything on Pinterest so Beige?

What general categories do you follow on Pinterest? The Accidental Locavore naturally follows a lot of food categories. Recently I've noticed a distressing trend, so much of what people are pinning is beige...golden brown if you insist, but actually beige. This is especially perplexing at a time of year when there are so many beautiful, colorful, fresh fruits and vegetables!

#### Need a Quick, Impressive Dinner? Rack of Lamb With Chiles

A long time ago, the Accidental Locavore learned that the easiest and most impressive thing you can cook is a roast. It really takes no effort and with an instant-read thermometer is essentially fool-proof. More recently, I've been cooking rack of lamb, which is easy and unlike bigger roasts, quick. This is a Mexican version from Rick Bayless that's grilled and I've adapted to serve 2.
