Dear Friend,

Where would New Year's be without [some food predictions](#)?

No recipes or radio show this week, but the show will be back next week. See below for my guest.

January certainly is a soup month and [this month's calendar](#) shows one of my favorites, soupe aux poissons. It's also one of my resolutions to start making it!

How about sending this on to some food loving friends and asking them to [sign up for the newsletter](#) and get a treat every Tuesday? Or click the icons above to send to a friend, share on Twitter, Facebook, or LinkedIn.

Enjoy and as the French said to me in an email "VOUS SOUHAITE UNE SUBLIME ANNÉE 2017"

Anne

How hip *are* you?

The Accidental Locavore has been inundated with emails predicting food trends for 2017.

Let's look at some of them.

My gift to you is that this isn't a slide show (you can thank me in the comments).
